Dues shall be per month or such amount as may be certified by the CWA to the Employer at least thirty (30) days prior to the month in which the deduction of union dues is to be made.

6) Purpose of Fee:

Beginning thirty (30) days after Agreement on this contract, all eligible non-member employees in this unit, will be required to pay to the majority representative a representative fee in lieu of dues for services rendered by the majority representative. The employee shall be entitled to a review of the amount of the representation fee by requesting the Union to substantiate the amount charged for the representation fee. This review shall be accorded in conformance with the internal steps and procedures established by the Union. The Union shall submit a copy of the Union review system to the Township.

XVIII GRIEVANCE PROCEDURE

1. CLERICAL AND PUBLIC WORKS BLUE COLLAR EMPLOYEES:

A. The purpose of this procedure is to secure at the lowest level an equitable solution to the problems which may arise affecting the terms and conditions of this Agreement.

B. Nothing herein shall be construed as limiting the right of any employee having a grievance to discuss the matter informally with an appropriate member of the department. The grievance shall be defined as any dispute which may arise between the parties concerning the application, meaning or interpretation of this agreement. A grievance may be initiated by either an employee, a Union Representative or the Township. It shall be the responsibility of the employee to properly notify and inform the Union Representative when initiating a grievance.

Step I - Verbal Grievance

a. Whenever an employee has a grievance, he should first present it verbally (or in writing if the employee chooses) to his immediate supervisor. It is the responsibility of the supervisor to attempt to arrange a mutually satisfactory settlement of the grievance within five (5) working days of the time when it was first presented to him or failing in that, must within that time advise the employee of his inability to do so.

b. When an employee is informed by his supervisor that he is unable, within the discretion permitted him, to arrange a mutually satisfactory solution to the grievance, the employee must, if he wishes to present the grievance to a higher authority, do so in writing in the manner set forth in Step II below.

Step II - Formal Written Grievance

a. The employee will prepare the grievance in writing, in duplicate. The grievance should be stated as completely and as clearly as possible, in order to permit prompt handling. One (1) copy of the grievance shall be immediately placed in the hands of the Department Head.

b. A copy of the grievance shall be presented by the employee to his Division Head, to whom the grievance was made verbally. The Division Head will report the facts and events which led up to its presentation in writing, including in his written report any verbal answer he may have previously given to the employee concerning this grievance. Within five (5) working days after receipt of the written grievance the Division Head must present it with the information required to the Department Head or Administrator.

c. The Administrator will attempt to find a mutually satisfactory solution to the grievance within ten (10) working days. Failing a solution, the complaint, accompanied by a written report on the matter by the Administrator, must be forwarded to the Council. The Council will then consider and formally act on the complaint within fifteen (15) days.

d. In the event that the grievance has not been resolved at the previous step, the aggrieved may file with the Public Employment Relations Commission (PERC) within twenty (20) days after determination of the previous step and request for advisory arbitration. The arbitrator will be appointed and the case will be heard in accordance with the rules and regulations of PERC, except as modified by this Agreement. The arbitrator shall set forth the findings of fact in law and reasoning in rendering his decision and shall submit such decision in writing to the parties.

e. The decision of the arbitrator will be advisory in nature only. The cost for the services of the arbitrator shall be borne equally by the parties. Any other expenses incurred shall be paid by the parties incurring same.

f. All papers and documents relating to a grievance and its disposition will be placed in the employee's personnel history file. Notification of all action taken concerning the grievance shall be transmitted in writing to the employee.

2. WATER AND SEWER UTILITY EMPLOYEES:

1. A claimed breach, violation, misinterpretation or improper application of the terms of this Agreement, including disciplinary action.

B. Any grievance or dispute which arises between an employee and the Employer shall be processed and settled in strict accordance with the time limits set out herein. It is understood that all of the time limits, unless otherwise expressed, refer to calendar days.

C. Procedures:

Within ten (10) days of the date of the grievance or the date in which the grievant should reasonably have known of its occurrence, an employee with a potential grievance may orally present and discuss his complaint with his immediate Supervisor or Executive Director on an informal basis prior to filing a formal Step 1 grievance, whenever time permits. A Union Steward may be present at such discussions.

STEP 1:

A grievance must be filed initially within fifteen (15) calendar days from the date on which the act which is the subject of the grievance occurred, or fifteen (15) calendar days from the date on which the grievant should reasonably have known of its occurrence. The grievant shall prepare his grievance in type on forms approved by each party and submit same to the appropriate party who issued the discipline or caused the violation who then shall be required to schedule, hear and determine the grievance within fifteen (15) calendar days after receiving it.

If the Executive Director is the appropriate party hearing the grievance then the grievance will automatically move to Step II. Such grievance shall include date of the alleged grievable occurrence, nature of the grievance, pertinent contractual articles allegedly violated and the remedy sought. Failure to submit the required information is grounds for denial of the grievance. The decision of the appropriate party shall be made in type, and in triplicate and copies thereof, together with copies of the grievance, shall be served upon the grievant, the Union Representative, and the Director within said fifteen (15) calendar day period.

STEP 2:

Upon receipt of an adverse determination by the appropriate party, the grievant or Union Representative shall have a period of ten (10) calendar days to appeal such determination to the Executive Director who shall schedule, hear and determine the grievance within fifteen (15) calendar days after receiving it. The Executive Director shall hear the grievance de novo and issue a decision in type and in triplicate and copies thereof, together with copies of the grievance and previous decision, shall be served upon the grievant, Union Representative and the Township Administrator within said fifteen (15) calendar day period.

STEP 3:

Upon receipt of an adverse determination by the Executive Director at Step 2 then the grievant or Union Representative shall have a period of fifteen (15) calendar days to appeal such determination to the Township Administrator or designee, who shall schedule, hear and determine the grievance within twenty (20) calendar days after receiving it. The Township Administrator or designee shall issue a decision in type and in triplicate and copies thereof, together with copies of the grievance and previous decisions which shall be served upon the grievant and Union Representative within said twenty (20) calendar day period.

STEP 4:

Upon receipt of an adverse determination by the Township Administrator or designee, the Union shall have thirty (30) calendar days to appeal such determination to arbitration pursuant to the rules of the Public Employee Relations Commission. The cost of the Arbitrator shall be borne by the Township and Union equally. Any other cost shall be borne by the party incurring it.

D. GENERAL RULES:

1. A failure to schedule, hear and determine the grievance at any step by the person designated to do so shall cause the matter to proceed immediately to the next step. Said grievance shall be deemed pending in the next step and the applicable time limits shall begin to run upon the receipt of a formal written appeal by the Union to the next step.
2. Under no circumstances shall the Employer have the right to appeal a grievance adjudicated favorably to the employee, except when a determination is issued by PERC.
3. At all steps in the grievance procedure, the grievant shall have the right to be represented by the Union and only the Union.
4. If the grievant alleges acts by or against the person designated to schedule, hear and decide grievances the employee shall have the option to file the grievance with the next highest step in the grievance procedure for resolution.
5. A group or class grievance may be filed by a member of the affected group or class, or by a representative of the Union, however, any such grievance shall clearly delineate the group or class involved; and shall list the names and titles of the individual employees involved.

6. Extensions of time limits may be obtained only by the written consent of the grievant or representative and person designated to hear and determine the grievance.
7. If a grievant accepts a resolution that is not in conflict with the Agreement it shall be final and binding upon the parties.
8. For the purposes of progressive discipline situations, the degree of discipline administered by the Employer in a particular case must be reasonably related to (a) the seriousness of the employees' proven offense and (b) the record of the employee and his service with the Employer.
9. Grievance of minor disciplinary actions (five (5) day suspensions or less shall be filed directly at Step 2.

E. DISCIPLINE:

1. Discipline shall be progressive in nature and corrective in intent and the progressive nature of the instances shall be started over if there are no reoccurrences within one (1) year of the original instance with the exception of the following actions which will result in immediate suspension with a recommendation of discharge:
 - (a) Drunkenness, drinking during working hours (including lunch time), or being under the influence of alcohol or controlled substances during working hours (including lunch time) or possession of alcohol or controlled substances during working hours (including lunch time), theft or theft by deception, or unauthorized use of Township assets;

The hearing will be held within five (5) working days of the suspension action, unless the parties mutually agree to extend the time limit. If the recommendation of discharge is upheld, the Union may appeal the discharge action directly to arbitration within thirty (30) calendar days of receipt of the written hearing decision. In the event the Employer decides to deny the discharge recommendation, it has the option of sustaining a lesser degree of discipline it deems appropriate under the circumstances. The employee is to be made whole for the difference, if any, between the discipline upheld as a result of the hearing and time lost because of the immediate suspension with the recommendation of discharge action. If a lesser degree of discipline is issued, the Union may exercise the same appeal procedure set forth above. If no appeal is made by the Union within the thirty (30) calendar day period, the discharge or lesser discipline, as the case may be, will be final.

(a) The hearing procedure will be as follows:

The Employer will designate a Council member or members to administrate the hearing. The hearing shall be at a time and place designated by the Employer and only the discharged employee, his Union Representative (if so desired, not to exceed two), the Supervisor who took the discharge action and any witnesses directly involved with the incident from which the discipline arose shall be present. Neither party will be permitted to have an attorney present. The Employer has the option, in its sole discretion, to record or transcribe the testimony at the hearing. It also has the option, in its sole discretion, to decide not to record or transcribe the testimony. If the Employer chooses to record or transcribe the testimony, the union will be provided with an unedited copy, and it agrees to bear any costs associated therewith. The hearing testimony or the results of same will not be precedent setting but may be introduced at the subsequent arbitration (if applicable) on this matter. The Council member(s) designated to administer the hearing may take evidence in any order or amount deemed necessary to aid in a decision on the matter. The decision will not be arbitrary or capricious.

Drugs and Alcohol Policy

The Township recognizes that the use of controlled substances and the abuse of alcohol pose a threat to the health and safety of all employees. Therefore, it is the intent of the Township to provide for a drug free work environment in which the sale, distribution, possession, use, exchange or presence of alcohol or unlawful drugs will not be tolerated.

This policy establishes a program designed to help identify and address the misuse of alcohol and/or unlawful drugs by employees. The policy provides reasonable suspicion testing for alcohol and controlled substance abuse for Township employees. This Policy is applicable to all Township personnel to the extent that it does not conflict with the Attorney General Guidelines for Drug and Alcohol Testing for police officer or with 49 CFR Ch. III, Part 382, Controlled Substances and Alcohol Use and Testing, for employees with a commercial driver's license. Otherwise the Attorney General Guidelines and 49 C.F.R. Ch. III, Part 382 shall apply.

An employee found intoxicated or under the influence of alcohol or drugs during working hours shall be immediately removed from the workplace and will be subject to the provisions of the Township's Reasonable Suspicion & Controlled Substance Testing Program.

Employees must notify their supervisor within five (5) days of conviction for a drug or alcohol related violation, whether or not the violation occurred in the workplace.

Employees using prescription drugs that may effect job performance or safety must notify their supervisor or Department Head who is required to maintain the confidentiality of any information regarding an employee's medical condition in accordance with the Health Insurance Portability and Protection Act.

Definitions:

Adulterated or Substituted Specimens - Specimens determined to contain adulterants that were either ingested by an individual prior to giving a specimen or that were added by an individual in an attempt to mask a positive result. Substituted specimens are those that have been determined not to be from the original donor. A urine drug screen result that has been reported as adulterated or substituted will constitute a refusal to test. In these scenarios, a refusal to test constitutes a positive result.

Alcohol - The intoxicating agent in beverage alcohol, ethyl alcohol, or other low molecular weight alcohols including methyl and isopropyl alcohol.

Alcohol Concentration (or contact) - The alcohol in a volume of breath expressed in terms of grams of alcohol per 210 liters of breath as indicated by an evidential breath test.

Alcohol Use - The consumption of any beverage, mixture or preparation including any medication containing alcohol.

Confirmation Test - For alcohol testing this means a second test, following a screening test, with a result of 0.02% or greater, that provides quantitative data of alcohol concentration. For controlled substance testing this means a second analytical procedure to identify the presence of a specific drug or metabolite that is independent of the screening test and which uses a different technique and chemical principle from that of the screening test.

Controlled Substance - A drug or chemical, which include but are not limited to:

- Marijuana
- Cocaine
- Opiates
- Phencyclidine (PCP)
- Amphetamines

Dilute Specimens - Urine drug tests that are reported as negative but dilute, must be retaken as soon as possible. This does not have to be a witnessed specimen as with the previous regulation.

Driver - Any employee, whether full or part time that operates any type of motorized equipment.

Employee - Any person employed by the Township.

Motor Vehicle - Any motorized equipment used in transport of, but not limited to, passengers, product, chemicals, and waste.

On Duty - An employee who is clocked in or otherwise reported for his/her shift.

Performing (Safety-Sensitive Function) - An employee is considered to be performing a safety-sensitive function during any period in which he or she is actually performing, ready to perform or immediately available to perform any Safety-Sensitive Functions.

Refusal-to-Submit - When an employee fails to provide adequate breath for testing without a valid medical explanation after he or she has received notice of the requirement for breath testing or fails to provide adequate urine for controlled substance testing without a valid medical explanation after he or she received notice of the requirement for urine testing or engages in conduct that clearly obstructs the testing process.

Return-To-Work Process - The successful completion of the education, rehabilitation and treatment process as outlined in this policy.

Safety-Sensitive Functions - Any and all activities, conducted on behalf of the Township while either on or off Authority facilities, including, but not limited to, driving or riding in personal or Township vehicles or other motorized equipment.

Screening Test - In alcohol testing, these are analytical procedures to determine whether an employee may have a prohibited concentration of alcohol in their system. In controlled

substance testing, it is an immunoassay screening to eliminate negative urine specimens from further consideration.

Stand Down - Temporarily removing employees from their safety sensitive duties after a confirmed positive, adulterated or substituted laboratory result has been verified.

Vendor - The private concern contracted to perform services pertinent to this policy on behalf of the Township.

General

The Township will not tolerate substance abuse of any kind on its equipment, premises or any other property owned by the Township.

Employees engaging in prohibited alcohol or drug use, including the consumption, possession, distribution or storage of alcohol or a controlled substance during working hours or while on any facility owned or operated by the Township will be subject to disciplinary procedures.

Any employee taking a prescribed medication or over-the-counter drug that may affect their work efficiency or judgment or that might increase the potential for injury to the affected employee or others must notify their supervisor upon arriving for work.

Any employee involved in a motor accident that occurs while operating any Township motorized equipment that results in personal injury, death or property damage shall be required to submit to a post-accident drug and alcohol test.

Prohibitions

Alcohol Concentration - No employee shall report for duty or remain working while having an alcohol concentration of 0.02% or greater. The Township shall not allow an employee to continue working or perform Safety-Sensitive Functions while having actual knowledge that an employee has an alcohol concentration of 0.02% or greater.

On Duty Use - No employee shall use alcohol and or controlled substances while working on behalf of the Township. The Township shall not allow an employee to continue working or perform Safety-Sensitive Functions while having actual knowledge that the employee is using alcohol and or controlled substances.

Pre-Duty Use - No employee shall work on behalf of the Township within four (4) hours after consuming alcohol. The Township shall not allow an employee to continue working or perform safety-sensitive functions while having actual knowledge that the employee has used alcohol within four hours prior to commencement of work.

Use Following an Accident - Any employee required to take a post accident drug and alcohol test is prohibited from consuming alcohol for eight hours following the accident or until they complete a post-accident alcohol test, whichever occurs first.

Refusal to Submit to a Required Alcohol and Controlled Substance Test - No employee shall refuse to submit to a post-accident alcohol and controlled substance test, or a reasonable suspicion alcohol and controlled substance test required by this policy. The Township shall prohibit an employee who refuses to submit to a random or reasonable suspicion alcohol and controlled substance test from working or performing Safety-Sensitive Functions. A refusal to test constitutes a positive result and is grounds for disciplinary action.

Category of Tests

Post-Employment Offer Testing - Following an offer of employment by the Township and as part of a preemployment placement medical examination, the applicant shall undergo testing for alcohol and controlled substances. The Township shall not recognize an applicant as an "employee" until he/she has been administered an alcohol test with a result indicating an alcohol concentration of no greater than 0.01 % and has received a controlled substances test result from the Medical Review Officer (MRO) verifying a negative test result. If an alcohol test result indicates an alcohol content of 0.01 % or greater or if the specimen has been reported adulterated or substituted or the controlled substances test is positive for a prohibited substance, the offer of employment shall be considered null and void and withdrawn immediately by the Township.

Post-Accident Testing - As soon as practicable following an accident, the Township may have tests for alcohol and controlled substance administered to each surviving employee when the accident involves personal injury, death or property damage.

The following conditions shall apply when an employee receives a citation under state or local law for a moving violation arising from an accident:

- **Alcohol Test** - An alcohol test shall be administered within 2 hours following the accident. In the event that the testing is not administered within the two (2) hour period, the Township shall prepare and maintain a record stating the reasons the test was not promptly administered.
- **Controlled Substances Tests** - If a test is not administered within 32 hours following the accident, the Township shall cease attempts to administer a controlled substance test and prepare and maintain a record stating the reasons the test was not promptly administered.

An employee who is subject to post accident testing shall remain readily available for such testing or may be deemed by the Township to have refused to submit to testing.

The Township shall instruct employees with necessary post-accident information, procedures and instructions, prior to the employees operating any motorized equipment.

Reasonable Suspicion Testing:

The Township shall require an employee to submit to an alcohol or a controlled substance test when the Township has reasonable suspicion to believe he/she has violated the prohibitions of this policy. The Township's determination that a reasonable suspicion exists to require an employee to undergo an alcohol and/or a controlled substance test is to be based on specific observations concerning the appearance, behavior, and speech or body odors of the individual.

The required observations for alcohol and/or controlled substances reasonable suspicion testing shall be made by a supervisor or other Township official who is trained in accordance with the provisions of this policy. The observation shall be communicated to the Administrator, who may request that a trained police officer discreetly observed the employee. If it is determined that there is reasonable suspicion, the Administrator shall arrange for a drug or alcohol test.

Notwithstanding the absence of a reasonable suspicion alcohol test, no employee shall report for work or perform a Safety-Sensitive Function while under the influence of or impaired by alcohol or a controlled substance as indicated by the behavioral, speech and performance indicators of alcohol misuse until an alcohol test is administered and the employee alcohol concentration measures less than 0.02% or twenty-four hours have elapsed following the determination that there is reasonable suspicion to believe that the employee has violated the prohibitions of this policy.

A written record shall be made of the observations leading to a controlled substance reasonable suspicion test and signed by the supervisor or Township employee who made the observation within 24 hours of the observed behavior or before the results of the controlled substance test are released, whichever is earlier.

Return to Duty Testing:

Before an employee can return to work after engaging in prohibited conduct involving the use of alcohol, the employee shall undergo a return to duty alcohol test with a result indicating an alcohol concentration of less than 0.02%. Before an employee can return to work after engaging in conduct involving the use of a controlled substance the employee shall undergo a return to duty controlled substance test indicating a verified negative result for controlled substance use.

Follow-up Testing:

Following a determination that an employee is in need of assistance in resolving problems associated with alcohol misuse or use of controlled substances, the employee shall be subject to unannounced follow-up alcohol and/or controlled substance testing.

A pattern is three or more occasions of readings between .001 and .019 within a twelve-month period. A positive drug test is one where the employee tests positive for illegal or non-prescribed drugs.

In addition to completing a required course of rehabilitation, employees shall be subject to the following discipline:

- Following the confirmation of a positive test, the employee shall be suspended without pay until such time as the employee successfully completes a rehabilitation program and/or is medically cleared.
- In the case of an alcohol test result between .001 and .019, the penalty would be limited to a suspension for the remainder of that day's shift with loss of pay for that day if a pattern is identified. If a pattern is identified, then the employee shall be suspended without pay until such time as the employee successfully completes a rehabilitation program or is medically cleared.

Re: Final Contract, Memorandum of Understanding and Salary Attachment "A"

I have attached the Final contract, Memorandum of Understanding regarding the personal days for permanent part time 1 Employees and the corrections to the salary schedule that you emailed to me (Attachment "A").

Based on our emails, I have made the following corrections to the Final Contract from original Draft previously sent to you. Those corrections involve adding the words "Public Works" to Blue Collar Employees to identify the difference between the Blue Collar Public Works employees and the word Utility instead of Utilities for the Water and Sewer Utility employees throughout the agreement including the area you indicated in your December 1st email. I have also included the time frame for the summer hours that you indicated in your December 3rd email as well.

I prepared a detailed list of the changes and corrections in each of the Articles as well as the page numbers and included it herein.

In reviewing your salary pages that you emailed me on 12/3, I need the corrections to the salary Attachment "A" that I have outlined and attached for you. After making those corrections please send an original back to me for my records.

Besides adding headings, classification identification and page number changes, I also need correction to Mr. Weideman as I thought that he was hired in 2014 and the salary guide you sent shows providing him with adjustments back to 2012.

I also need you to add the new hire sewer hourly rates that I have listed under the new salary sheets as page 56. If you have any questions on this please let me know.

**MEMORANDUM OF UNDERSTANDING
BETWEEN
THE COMMUNICATIONS WORKERS OF AMERICA, AFL-CIO
LOCAL 1036
AND
THE TOWNSHIP OF DELRAN**

THIS AGREEMENT is made and entered into by and between The Communications Workers of America, AFL-CIO, Local 1036 (hereinafter referred to as the Union) and the Township of Delran (hereinafter referred to as the Employer):

WHEREAS, the parties to this agreement voluntarily resolve the disputed matter and enter into the following Memorandum of Understanding which fully disposes of all Issues in controversy of this disputed matter between the Union and the Employer;

The Union and the Employer negotiated a successor 2012 through 2015 contract agreement for Delran Township Employees and former Delran Sewerage Authority employees which are represented by the Union;

The parties negotiated a new definition for Permanent part time Clerical and Public Works Blue Collar employees as described in Article XIX, A1 of the successor agreement which defines two types of part time employees, Part-time I and Part-time II;

The newly negotiated definition for Part-time 1 employees provides that these employees are eligible to receive a new benefit of (4) four hour paid personal days during the course of each contract year as described in Article XIX item "e" "Personal Days" in the new agreement. The newly negotiated definition does not affect Part-time II employees;

The disputed issue between the parties involves retroactively paying the (4) four hour personal days to each Part-time 1 employee for the contract years of 2012 and 2013, and providing the ability for each employee to use the (4) four hour paid personal days in the year 2014, between September and December to avoid any loss, as paid personal days are not eligible to be carried over into the next contract year;

NOW, THEREFORE, in consideration of the mutual benefits accruing to the parties, the parties agree to the following:

1. The (4) four hour paid personal days shall not be retroactively paid to the newly defined Part-time 1 Employees for the 2012 contract year;
2. The (4) four hour paid personal days shall not be retroactively paid to the newly defined Part-time 1 Employees for the 2013 contract year;
3. All newly defined Part-time 1 Employees shall receive (2) of the (4) four hour paid personal days in the 2014 contract year;
4. The Employer shall provide the newly defined Part-time 1 Employees with the ability to schedule the (2) four hour paid personal days for the contract year 2014, prior to December 31st and said employees shall suffer no loss of said (2) four hour paid personal days;
5. Newly defined Part-time 1 Employees shall receive (4) four hour paid personal days in the 2015 contract year and thereafter.

This Memorandum of Understanding fully and finally disposes of all issues in controversy of this disputed matter. It is reached by way of compromise.

The Memorandum of Understanding represents the complete agreement between the parties and all terms and conditions agreed to by the parties are accordingly found herein.
